

## Property Owner Approval Form

The Fitch Mountain Association and Citizen’s Organized to Prepare for Emergencies (COPE) are seeking property owner approval for the following project:

### Project:

Submission of a grant to CAL FIRE for the completion of a shaded fuel break along Fitch Mountain Road extending up to 30 feet from the edge of the pavement on both sides of the roadway. This will involve removing brush, trimming ground vegetation to 6 inches, limbing up trees to 10 feet above the ground or 15 feet above the roadway, removing small fir and bay trees that are under 4” in diameter at chest height and removing vines growing into trees, so this fuel does not provide a connection for flames to climb up into the canopy. The treatment work on your property will be provided by experienced crews at no cost to you. The work will be done with the oversight of a forester.

### Property Owner Approval:

I give my approval to continue the shaded fuel break along Fitch Mountain Road onto my property, up to 30 feet from the roadway. I understand that my approval is required prior to work being done under the grant. I will be contacted and have the ability to approve what vegetation will be removed on my property before any work is initiated.
